WHY ARE YOU SHOVELING YOUR OWN DRIVEWAY?

- It is extremely time consuming
- Neighborhood kids aren't very dependable
- Snow blowers are very costly to buy and require constant maintenance
- Shoveling can lead to overexertion
- Plow Services prevent back problems and other health risks
- Wet snow is virtually impossible to remove
- You should be enjoying that extra hour of sleep

PROTURF OFFERS THESE ADVANTAGES:

- Dependable Kalamazoo/Portage service
- 2017 or newer equipment
- Radio dispatched units
- Skilled drivers
- Plowing done while YOU sleep
- A return trip will be made in the spring to fix any lawn damage.
- Free mailbox clearing included with every trip
- GPS tracked vehicles, so we can verify that every customer is serviced

ProTurf Management LLC

ABOUT OUR SERVICES:

- We strive to have plowing completed by 7am if we have 2" by 12am. During heavy snow storm situations, it may take us longer to complete our work.
- We plow once during a 24-hour period. Return trips will be made during storm situations.
- We will return the following evening to clean approaches after the city plows 5" or more.
- Driveways will be staked with a special marker to identify the driveway and prevent damage. We will return in the spring to remove them.
- Plows will get no closer than 12" to 18" away from garage doors, retaining walls, or any other obstructions in your driveway.

DISCLAIMERS:

- Plow prices do not include salt applications. Failure to apply salt may result in slippery conditions which can cause injury to persons or property.
- Shoveling of sidewalks, walkways, porches and in front of the garage door is not part of the plowing contract.
- Customer understands that plowing (or salting) may not clear the area to bare pavement, and that slippery conditions may continue to prevail.
- Due to the way concrete can move with the freeze and thaw cycles, we are not responsible for damage due to scraping, peeling or deterioration of driveways.
